

# 2016 EUGENE CONSULTANT DIRECTORY

**Eugene Area  
Chamber of  
Commerce**

# INTRODUCTION

**No man is an island, and neither is a business.**

There are going to be times when an outside perspective is necessary. Whether your business is a start-up, multi-generational, or in between, it can benefit from the insights and skills of a seasoned consultant.

Here, with distribution support from the Eugene Chamber of Commerce, MCS Family Wealth Advisors provides the first comprehensive list of consultants for the Eugene-Springfield area. There have been partial lists in the past, but most of them were little more than a collection of names and phone numbers. None of them answered the questions we know most people have about consultants.

To fill this information gap, we called, researched, e-mailed, interviewed, and organized to create the rich, wide-ranging list you see here. The list highlights local experts who specialize in marketing, finance, IT, organizational development, strategic planning, and more. The consultants are organized by specialty, though many of them could easily fall into multiple categories. Many of the consultants we contacted took the time to tell us more about what they do, so we allocated some extra space for them.

The Eugene Chamber of Commerce supports local businesses. If you prefer doing business with Chamber members, we've made it easy for you to identify who's who—just look for the Chamber logo.

Consultants will find this to be a great resource for identifying other consultants whose services may complement their own. If you are a consultant and wish to add or update your directory listing, please contact us at:

[ConsultantDirectory@Eugenechamber.com](mailto:ConsultantDirectory@Eugenechamber.com).

*Note: This list is for information purposes only; we do not recommend any specific consultants. Be sure to do your own research to determine which consultant is right for you.*
